If Insurance plan is **red font**, then we do not accept this insurance; and we will not bill the insurance either. You must pay 100% of the service charges.

**We also recommend that you call your insurance plan and ask them specifically about your Mental Health Benefits:**

- Who handles the claims as sometimes insurance companies will outsource mental health benefits to a 3rd party payer and we may be Out-of-Network with that payer.
- Ask if your insurance plan requires your PCP to refer to one of our clinicians? If yes, then contact your PCP to initiate the referral as required by your insurance plan provisions.
- Ask if any authorization is required for Outpatient mental health services? If yes, then ask them for the authorization and provide our office with this information.
- Ask for your copay, coinsurance and deductible amounts for outpatient mental health services. These may be different than your regular medical amounts.

**Notices:**

- Your insurance plan is a contract between you and them. If we have submitted the claim and they do not cover the service, then you will be responsible for paying out-of-pocket for the services rendered. If you feel that your insurance should have paid on the claim, then it is your responsibility to contact them directly to have the claim re-processed.
- **Beacon Health Options** has two different provider networks—one for commercial plans and one for Medicare plans. It is very important that you check with your specific insurance plan and see if any of our providers at Cornerstone are listed in the network. We definitely do not accept Beacon Health Options with the insurance plans: AvMed, Aetna Medicare HMO plans from 1/1/2017 to 12/31/2019, Freedom Health, Humana Medicare plans prior to 1/1/19, Humana Medicaid and PsychCare).
- **LCSW level clinicians:** Please call your insurance company to see if you need pre-cert or referral for seeing our LCSW level clinician. Please let your insurance company know the initial visit with the therapist is billed as cpt code 90791. The follow-up psychotherapy visits are usually cpt code 90837 or 90834.
